

VIRGINIAN IS TO STEAM THROUGH MAGELLAN

The Magellan straits route between the Hawaiian Islands and the east coast of the United States is believed to be the only practical solution of the transportation problem that confronts shippers during the period that the Mexican republic is in the throes of revolution.

The American-Hawaiian freighter *Virginian*, an arrival at Honolulu and to be dispatched for Port Allen, Kahului and Hilo to load 11,500 tons of sugar destined for New York or Philadelphia, is now stated will follow a course through the southern waterway as it did seven years ago before the opening of the Tehuantepec railway.

The resumption of the Magellan route is the simple and natural solution of the difficulties that have arisen between New York and north Pacific coast ports and Hawaii through the blocking of the Tehuantepec isthmian railroad route. A similar reversion to a longer route, but less hazardous under war circumstances, has happened several times in the case of the Cape of Good Hope in its relation to the Suez canal. To avoid the risks of delay or capture commercial vessels found it advisable to return to the old route to the east, abandoning the Mediterranean route temporarily.

JURY IN CASSIDY CASE UNABLE TO REACH AGREEMENT

After a long discussion that lasted until half-past eight o'clock last night, the jury in the Cassidy-Cassidy case returned to court and announced that they could not possibly agree. The jury was discharged, and those who had waited to hear the result of the famous trial departed for the beach and other places.

Yesterday afternoon at two o'clock the counsel for the prosecution made his address to the jury. Attorney Lester asked for a conviction and declared that the prosecution did not want to see a heavy penalty inflicted in case of a conviction.

Attorney Breckons, for Cassidy, addressed the jury at length and laid stress upon the good character borne by his client. He also pointed out that eye-witnesses, who were on the pier and who had watched every move of Cassidy, swear that Mrs. Cassidy was not kicked in the face. Attorney Ulrich, who was associated with Mr. Lymer in the case, made a short address to the jury on the question of reasonable doubt. It was whispered around this morning that eight of the jurors were for an acquittal, while four stood out for a conviction. It is possible that the case will go to trial once more in the criminal court, but the opinion of many people is that a civil action will be brought to settle, once and for all, the question as to the rights of Cassidy to control the pier that stretches out from his land.

SECRETARY OF ASIA Y. M. C. A. TO VISIT HONOLULU IN JUNE

Sherwood Eddy, general secretary of the Young Men's Christian Association of all Asia, will spend June 12 in Honolulu as the guest of the local Y. M. C. A., en route to the orient after a lengthy vacation spent on the mainland. The religious work committee of the local association, of which W. G. Hall is chairman, is planning a full program for him during his stay in this city.

Mr. Eddy went from Yale university to India a few years ago to become secretary in the Y. M. C. A. in that country. He soon acquired a knowledge of the Tamil language and became one of the most successful public speakers in India. His popularity extended into China and Japan, in which countries he has spoken to some of the largest audiences ever gathered to hear a white man. He is a remarkable man in many ways and stands very near Dr. John R. Mott in the estimation of those who have become world leaders in Christianity.

Maul Brought Kawaihae Sugar.

With the arrival of the Inter-Island steamer *Maui* from Kawaihae and ports along the coast of the Big Island today, sugar to the amount of 11,265 sacks was received. The product is destined for transshipment to the coast in Matson and American-Hawaiian liners. The *Maui's* cargo also included 76 head of cattle, 21 empty containers and 3 packages of sundries. Officers in the vessel report choppy seas and moderate winds.

Kauai Sugar Report.

Sugar awaiting shipment on the island of Kauai includes the following lots, according to a report brought to Honolulu in the steamer *Hall* this morning:

L. 21,519, G. 8846, K. P. 7997, McR. 54,725, M. A. K. 24,822, K. K. B. 130, Kilaua 5000, Kealia 44,000 sacks.

LEAHY HOME NOT ABLE TO CARE FOR PATIENT

Tubercular Man Walks Streets and Supervisors Asked to Take Some Action

Kim Kyung Chin, a Korean afflicted with tuberculosis, having wandered penniless for several days on the streets of the city, and refused admission to Leahy Home, may be the cause of another encounter between that institution and the board of supervisors.

The latter's attention was called to the Korean's case yesterday afternoon when Supervisor Wolter received the following letter from Emily Farley of the Associated Charities:

"Dear Sirs:—A Korean, Kim Kyung Chin, came to Honolulu from Maui May 10, of this year, and for three nights and four days roamed the streets penniless. On the fourth day he was directed to this organization. He was sent to Dr. Wayson, thence to the Queen's hospital where his case was diagnosed as 'tuberculosis.' He therefore could not remain at the Queen's hospital.

"Dr. Sinclair notified the association that there was no free bed at Leahy Home, that institution having its quota of forty-nine free patients. Miss Craig consented to let the man go to the day camp for a few days. Mr. Rath notified this institution that they could keep him a week at the outside, hoping that at the end of that period Dr. Sinclair would be able to take him. He was not and on last Thursday the man was again without shelter or food.

"Dr. Rhee of the Korean compound agreed to personally stand the expense for a day or two. On Saturday he telephoned he could no longer do it.

"This organization has been trying for four days, at Dr. Wayson's suggestion, to get in touch with Mr. Wolter, to ask shelter. He thought his honor the mayor and the supervisors would consent to support the man at Leahy until he can go on to a free bed there.

"Hoping that they will be able to help the man out, as he is in such dire need."

Supervisor Wolter has expressed his indignation over the conditions here which are not adequate to care for such cases as this. The letter will be read at the board of supervisors' meeting tomorrow noon.

Hall Met With Rough Weather.

In returning from Kauai with 5000 sacks of sugar and a shipment of sundries, the Inter-Island steamer *W. G. Hall* met with fresh northeast trade winds and moderate seas. The vessel is today being discharged of 43 containers, 20 sacks of coconuts, 40 sacks of rice and consignments of eggs, poultry and sundries. The vessel will be dispatched for Kauai ports at 6 o'clock tomorrow evening.

Argentine Sailors Must Go.

Through the activity of the police department, several sailors who were left behind by the Argentine Republic training ship *President Sarmiento* will be forwarded to Japan by the first available transportation, there to connect with their ship, which is destined to make an extended cruise along the coast of Asia. It is the present intention to place the men on board the Japanese liner *Hongkong Maru*, to sail for Yokohama on June 6.

Many Booked on Matsonia.

As the Matson liner *Matsonia*, the next vessel to depart from this port for San Francisco, will not sail until a week hence, a large booking of cabin passengers is enrolled at the agency of Castle & Cooke. It is predicted that in steaming for the coast this vessel will carry more than 150 travelers in the cabin besides a steerage filled to capacity. The *Matsonia* will be supplied with about 7000 tons of sugar. The vessel is leaving for Hilo tomorrow evening and returning to this port to complete cargo on Monday morning.

VESSELS TO AND FROM THE ISLANDS

[Special Wireless to Merchants' Exchange]

Wednesday, May 27.
VICTORIA—Arrived, May 27, S. S. *Marina*, hence May 20.
SAN FRANCISCO—Sailed, May 26, 5:20 P. M., S. S. *Lurline* for Honolulu.

PASSENGERS BOOKED

Per str. *Mauna Kea* for Hilo and way ports, May 30: F. Strange, Mrs. J. Nakamura, Miss Y. Tsuji, John Lennox, Mr. and Mrs. E. Baruch, Rev. Seigawa, wife and infant.

Per str. *Claudine*, for Maui ports, May 29: Sister Renata, Mr. and Mrs. C. A. Bell and infant, Miss Bell, Ernest Kaai.

Per str. *W. G. Hall*, for Kauai ports, May 28: R. R. Zane, Ah Yat, Hee Fat, G. N. Wilcox.

Per str. *Claudine*, for Maui ports, June 1: Miss Browning, Miss Daly.

Per str. *Mauna Kea* for Kona and Kau ports, June 2: Miss Irene Eaton, Miss Floy Eaton, A. Hanneberg.

PASSENGERS ARRIVED

Per str. *W. G. Hall* from Kauai ports, A. D. Castro, Mrs. A. Lyman and child, A. Medeiros, J. Hedenman, Bishop Libert and 13 deck.

One kiss, more kisses; one Miss, then Mrs.

COLLEGE CAPERS FOR BENEFIT OF WELLESLEY COL.

Posters around town and notices in the papers announce an event in the Armory called "College Capers," for June 22. The cause is a worthy one.

At 4:40 o'clock on the morning of March 17, Wellesley's main building, College hall, was destroyed by fire.

An eastern paper says: The destruction of College Hall at Wellesley was the most disastrous affair in the history of the higher education of young women in America. This was perhaps the largest college building in the country. It held all the offices of administration, it contained lecture rooms for the greater part of the college, 28 reception rooms, an assembly hall, a study hall, dining rooms and parlors. The laboratories of the departments of geology, physics, psychology, and zoology were there, as well as the rooms for hundreds of the girl students. Practically all that the building housed was lost in the fire.

"Aid for the temporary re-establishment of the ruined departments has come generously from the colleges and museums near Boston, from Clark university, from Mount Holyoke college, the University of Pennsylvania, Vassar, and from the graduates and friends of Wellesley. Temporary accommodations have been provided for the students and for the conduct of the courses, which will begin anew next Tuesday. But Wellesley must have new buildings, equipment, fresh material for work, museum specimens and books. Here is a chance for some wealthy man or woman to do a service to Wellesley only second to that rendered by its founder."

The fact that every occupant of the building escaped unharmed as a result of systematic fire drill and of wonderful control is a story by itself.

The amount necessary for the replacement of facilities destroyed by fire is \$1,250,000. The trustees have appealed for \$1,800,000, \$560,000 to be secured before June 30, 1915. This means work for the alumnae and we, the alumnae of Honolulu, want the interest and co-operation of all.

The Wellesley College News says: "Wellesley college was dedicated to the service of God and was founded with the announced purpose of 'giving to young women opportunities for education equivalent to those provided in colleges for young men.' It has freely opened its doors to all races and creeds. Its service has been national, not local. The enrollment for the present year is 1480. More than 62 per cent of these students claim residence outside of New England. The college undertakes to prepare its students for effective Christian citizenship, and stands for high ideals of scholarship and of life. The public press has already paid tribute to the Wellesley training as tested in the recent fire. Wellesley college faces a crisis in its history, and its appeal to the friends of education rests on an honorable past."

AD CLUB DANCE STARTS AT NINE AT THE ARMORY

The Ad Club dance on Friday evening will start at 9 o'clock. This will give the people who have dinner engagements time to fully digest their dinner and get to the dance for a real good Ad Club affair. Mrs. Mary Gunn, with one of the best partners in the city, will give a demonstration of all the latest steps. There will be special dancing features by groups of dancers. Every dancing club will be there, just to have a good time and dance. People who attend the choral society event will have plenty of time to dance after the close of the Opera House. The next day is a holiday.

FUNSTON

Never any style about him, not imposing on parade; Couldn't make him look heroic with no end of golden braid. Figure sort of stout and dumpy, hair an' whiskers kind of red; But he's always movin' forward when there's trouble on ahead.

Five foot five o' nerve an' darin', eyes pale blue an' steely bright, Not afraid of men or devils—that is Funston in a fight. Fighter since he learned to toddle, soldier since he got his growth; Knows the Spaniard and the savage—for he's fought and licked 'em both. Not much figure in the ballroom, not much mind at breakin' hearts, Rotten ringer for Apollo, but right there when something starts. Just a bunch of brain and muscle, but you always feel, somehow, That he'll get what he goes after when he mixes in a row. Weyer found out all about him, set a price upon his head; Agulnald's crafty warriors, filled him nearly full o' lead. Yellow men and yellow fever tried to cut off his career, But since first he hit the war trail it has never slipped a gear. And the heart of all the nation gives a patriotic throb At the news that Kansas Funston has again gone on his job.

—James J. Montague in S. F. Examiner.

KIMBALL SAYS 'E. H. WILSON' IS EXAGGERATING

A letter written and signed by E. H. Wilson and sent to Superintendent J. W. Wadman of the Anti-Saloon league attacks the "Volcano House," as the saloon on the edge of the Liliuokalani military reservation is known. The letter charges much drunkenness and disorderly conduct in the place.

Clifford Kimball of Haleiwa hotel who runs the saloon, said today that the letter is a gross exaggeration. "No such conduct has happened or would be tolerated as is charged," he said. "The letter does not sound sincere to me. If what the writer claims is true, the place should be closed, but it isn't true. I don't know who E. H. Wilson is."

George W. Paty of the Anti-Saloon league is also ignorant of the identity of the letter writer. He said today that the Anti-Saloon league is investigating the matter.

The saloon near the military reservation has been the subject of much discussion since it was started. On its behalf it is claimed that it has greatly reduced "boot-legging" and the consumption of "rotten whiskey" at the post.

SPANISH VESSEL SOLD.

The Manila, one of the Spanish vessels captured by the American navy in Manila bay sixteen years ago, has been sold by the navy department to J. W. Strong of New Orleans for \$7,919, after the submission of competitive bids. The vessel, which is of 1,750 tons displacement, was built in 1881 for the Spanish government as a transport and has for the past several years been used as a prison ship at Mare Island, Cal.

The department has been unable to secure a bid within the appraised price of \$2,000 for the little convert-

LYNCH RUMORED WATER AND SEWER WORKS MANAGER

James Lynch, of the engineering and machinery firm bearing his name, will be superintendent of the water and sewer works when they are taken over from the territory by the city and county, which will be about June 15. This is according to a rumor that was partially confirmed this morning.

Supervisor Samuel Hardesty admitted that he had suggested the name of Lynch to Supervisor McClellan and that the latter seemed strongly in favor of it. A meeting of the board, which will be held tomorrow noon when it is possible that the appointment will be recommended.

Each day adds more assurance to the report that a strenuous fight will be made by two factions of the board before any appointment is finally settled upon. One side is making an effort to run in a commercially efficient but politically inefficient man, while the other faction is lining up to oppose such an appointment.

A rejoinder in demurrer has been filed by the attorney-general's department in the matter of the territory by Superintendent of Public Works J. W. Cadwell vs. F. M. Friessell and the Pacific Coast Surety Company.

A Japanese named Iyo was fined \$3 by Judge Dickey this morning for appearing late in court. The man was a witness in the Harada manslaughter case. He explained that he had arrived in town early from the country, but that he had delayed in order to have breakfast down town.

Governor Pinkham this morning signed the commissions of two men who have accepted honorary positions. Professor M. M. Scott has been appointed as a member of the Archives Commission, to succeed George R. Carter, and the Rev. Henry Bond Restarick has been appointed as a Trustee of the Library of Hawaii.

The delicatessen sale of the Catholic Ladies' Aid will take place on Saturday, June 6, at the corner of Fort and Beretania streets. It will open at 9 o'clock and a light luncheon for business men will be served at 12 m. All interested in a worthy cause are respectfully solicited as patrons. The proceeds will be for the general fund of the society and the Kalihii orphanage. Best quality of home-cooked viands and delicacies is guaranteed.

Land Commissioner J. D. Tucker has received a petition from a number of people who reside in the Honokaa, Hawaii, district, praying that tracts of land of from 500 to 1000 acres be allotted each of them, under the right of purchase lease, for pastoral purposes. It is probable that the petition will be sent to the attorney-general in order that he may inform the would-be lessees of the status of the law.

Akins, a witness in the Ward-Inter-Island S. N. Co. case, testified this morning to the fact that he was present when a conversation between George Ward and N. B. Gedge was carried on in 1912. Akins swore that Ward complained about the condition of the cable used to draw the coal bins along the patent coal hoist at the Inter-Island wharf. The witness swore that Ward asked that a new cable be installed, and that Gedge ordered that a new drum be put in instead. The case is getting under way slowly and unless something unforeseen happens should end in a week or so.

DR. J. S. B. PRATT TO ATTEND CONVENTION IN WASHINGTON, D. C.

As the representative of the Hawaiian Medical Association, and also in his official capacity as president of the Board of Health, Dr. J. S. B. Pratt is leaving for the mainland on either the next transport, or else on the steamer *Matsonia*. The doctor has booked for the *Matson* boat, but may make the journey to the coast on a transport, if one happens along before June 5.

Dr. Pratt is going to attend the state and territorial convention of the various boards of health. The convention is to be held at Washington, D. C., on June 20. All the representatives of the health boards of the United States will be at the convention, and sanitation will be discussed and papers on the subject read.

While on the mainland Dr. Pratt will also attend the convention of the medical association, at Atlantic City. This important gathering of medical men is an annual affair and doctors from all over the states attend and discuss the latest discoveries in the practice of medicine. Dr. Pratt will be away from Hawaii for a couple of months.

ed yacht *Restless* which was built in 1887 at Chester, Pa., and purchased by the government for use during the days preceding the Spanish war.

Strength of Body and Mind

must come from the food we eat. Look into it!

Nature provides in the outer shell of Wheat and Barley, food materials—the organic phosphates—which, along with other elements, are vitally necessary for making bone, brain, muscle and nerve.

Many articles of food lack these vital phosphates.

In the making of

Grape-Nuts FOOD

the whole grains are used, and these valuable materials are retained to provide the body with the true food values which Nature requires to do her marvelous daily rebuilding.

"There's a Reason"
